

## **Leslie Rutledge Biography**

Leslie Rutledge is the 56th Attorney General of Arkansas and first woman elected to the office.

General Rutledge believes face-to-face conversations lead to real solutions. Since taking office, she began a Mobile Office program for all 75 counties, a Military and Veterans Initiative, a Metal Theft Prevention program and a Cooperative Disability Investigations program to stop fraud in Social Security Disability.

Along with making the office more accessible, General Rutledge's priorities have included creating more awareness of the office's services, such as consumer protection and internet safety education; leading efforts to combat domestic violence; and focusing on making the office the top law firm for Arkansans.

In addition to her state responsibilities, Rutledge actively works on multi-state issues with other attorneys general to include serving as Vice Chairwoman of the Republican Attorneys General Association Executive Committee and co-chairing the National Association of Attorneys General Committee on Agriculture.
